

Crime Report

Send digital evidence to the police within minutes

Easily create digital evidence packs that include complete MG11 witness statements, business impact statements, witness details and the secure transfer of CCTV video and images. **Crime Report** allows retailers to report crime online by speeding up the transfer of digital evidence saving everyone time and money.

Why Police Constabularies use Crime Report

Enabling national retailers to report shoplifting offences, helping reduce frontline demand.

Automatically generated digital evidence packs.

No need for face to face police diary appointments.

Automatic video file conversion into MP4.

Eliminates paper-based admin tasks with full audit trail.

Improve efficiency through reporting crime online.

Create an incident and send to the police within minutes.

“With the support of UKPAC and their digital platform, SentrySIS, we have been able to bring our focus towards the most prolific offenders who are repeatedly targeting businesses. The ‘ready to go’ evidence packs have empowered officers to take positive and timely action to arrest and secure charges in a smart and efficient way. This has also enabled the police to present strong cases to the CPS and secure outcomes for victims in court.”

Chief Inspector Marcus Cator - Hampshire and Isle of Wight Constabulary
