

BusinessProtect

Your crime management and intelligence control-centre

“With the ability to access essential intelligence instantly and compliance built in to the system, SentrySIS has revolutionised how we share crime information with our UK retail members”

Maxine Fraser, Managing Director,
Retailers Against Crime

BusinessProtect is a master tool and dashboard. It's the control-centre housing your suite of crime management and intelligence tools. Designed for BCRPs, national retailers and security companies located in the UK, our products help manage and reduce crime against your organisation and your people. Choose plugins and applications that meet your needs and tailor the platform so it works for you.

-  Allows GDPR compliant communications between users
-  Identifies crime intelligence with analytics and data reports
-  Paperless and safely stored in the cloud
-  Manage across geographies and departments
-  All data securely stored in the UK
-  Available on desktop, tablet and smartphones
-  App for Apple and Android with 'mobile specific' functions.

DISCOVER THE APPS 

Application and add-ons overview

BusinessProtect's dashboard comes pre-loaded with everything you need to start managing crime and intelligence. Push its capabilities further with add-on apps. Control is all in your hands.

OnsiteAlert

Find wanted vehicles faster. OnsiteAlert scans in real time and sends out an alert when a match is made. Find out where and when a vehicle has been spotted, track it straight away.

Intel360

Intel360 helps BCRPs, national retailers and security companies map, analyse and report crime, proactively reducing criminal behaviour in their organisations.

CrimeReport

Crime Report allows retailers to report directly to their police constabulary with a complete online evidence pack, speeding up digital evidence transfer and saving everyone time and money.

ConnectLive

Connect users from across the SentrySIS platform through encrypted video and real time messaging. Live Chat, share video and multimedia intelligence.

Work collaboratively and seamlessly across devices with the SentrySIS apps

OnsiteAlert

Find wanted vehicles faster. Using a database of vehicles associated with a crime, the OnsiteAlert software scans in real time and sends out an alert when a match is made. UK police forces, private security companies, BCRPs and their members, can find out where and when the vehicle has been spotted and track it straight away.

- ⚡ Automatically search for vehicles associated with crime
- ⚡ Know when a vehicle enters a location
- ⚡ View vehicle crime history details
- ⚡ View in real time
- ⚡ Integrate with existing ANPR systems
- ⚡ Track vehicle locations and profiles
- ⚡ Identify common vehicle travel routes

Get immediate alerts about any vehicle on site in real time. Track locations and profiles.

“The system is so user friendly and with the functions it has available has been pivotal in the part our organisation plays in preventing crime here in the North East”

Lee Steabler, NERCP Manager

Intel360

Sharpen your intelligence antennae with a turn-key crime management and intelligence platform. Intel360 helps BCRPs, national retailers and security teams to map, analyse and report crime, proactively reducing criminal behaviour in their organisations.

- ⚡ Manage crime activity within one ecosystem
- ⚡ Utilise custom CRM functions to manage your organisation
- ⚡ Report crime incidents directly to system admins and the police
- ⚡ Search the vehicles database to identify crime vehicles and their occupants
- ⚡ Send push notifications direct to users
- ⚡ Receive ID's on unknown offenders
- ⚡ Run real time system-wide reports
- ⚡ Analyse crime through sharing CCTV video and images
- ⚡ Map organised crime gangs and monitor their activity
- ⚡ All data securely stored in the UK

One central, powerful dashboard tool that sits at the heart of your crime and harm reduction process

“With SentrySIS we’re able to manage crime intelligence across London. Providing the best possible service to our business members to reduce crime, violence and ASB”

Hannah Wadey, Joint Chief Executive Officer for Safer Business Network

CrimeReport

Create an online evidence pack that includes a complete MG11 witness statement, business impact statement, witness details and the secure transfer of CCTV video and images. CrimeReport allows retailers to report directly to their constabulary, speeding up digital evidence transfer and saving everyone time and money.

- ⚡ Save security staff and officer time through easy-to-use digital interface
- ⚡ Send digital evidence and exhibits directly to local police within minutes
- ⚡ Automatic video file conversion to MP4 format
- ⚡ Eliminate admin and paper-based tasks
- ⚡ Reduce police demand and negate officer travel to store location
- ⚡ Full audit trail and transfer logs of digital evidence and exhibits

Allow retailers to report directly into their constabulary with complete evidence packs.

“We are getting the CCTV at a much earlier stage in the investigation, we’re getting hold of the offender at a much earlier stage. This means that we can stop them from committing further offences”

Inspector Adam Norris, Durham Police

ConnectLive

Connect users from across the SentrySIS platform through video and real time messaging. Live Chat, share video and multimedia intelligence. Activate live video feeds and spark collaboration in day-to-day activities, ongoing projects and important meetings. ConnectLive helps police constabularies, national retailers and BCRPs to improve communication and reduce crime.

- ⚡ Reduce meeting time with a fully encrypted video stream for up to 25 people
- ⚡ Send and receive multimedia files direct to your mobile for instant review and analysis
- ⚡ GDPR compliant instant messaging with colleagues, contacts and system-wide users
- ⚡ Reduce dependency on third party communication and messaging apps (e.g Whatsapp, Zoom and Microsoft Teams)
- ⚡ Fully integrated into your SentrySIS installation so data never goes missing
- ⚡ Create message conversations with individuals or personal pre-selected groups
- ⚡ Access via the SentrySIS app or a simple interface on web platform
- ⚡ System admin features help everyone stay abreast of system wide communications

“We use ConnectLIVE to support 115 partnership members reaching over 20,000 retailers. We can disseminate timely, accurate information, reducing crime in our members’ premises”

David Wilson, Executive Board Member of the National Association of Business Crime Partnerships (NABCP)
